

A Day in the Life: Britannica's New Early Elementary Level

Transform everyday lessons into memorable adventures!

Good Luck Handprints

Discover exciting things about shapes, learn words, and quiz yourself in the "Read" path. Then, make your own good luck charms!

Animal Passport

Explore the world's wildlife with our "Animal" feature, craft a passport, and discover their habitats, traits, and behaviors.

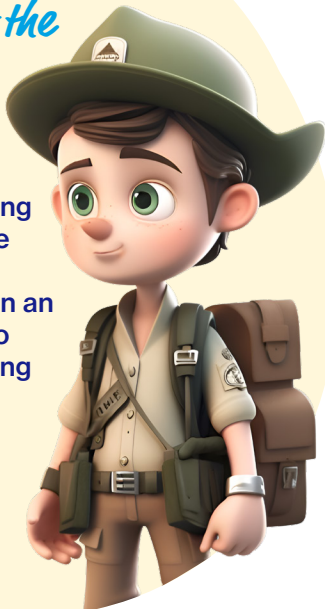

Measure Up!

Delve into the universe of sizes, units, and time! Transform tricky math into vivid, captivating visuals with the "Play" path.

Biomes of the World

Journey from tundras to deserts using our interactive "Explore" path and embark on an adventure into Earth's stunning terrains with maps, videos, and more.

Don't Wing It!

See a butterfly's journey, from its life cycle to unique behaviors, with kid-friendly science articles, multimedia, and audio features.

Artistic Creations

Take a standout fact or story and turn it into a work of art using the "Create" artboard with colorful brushes and playful stickers.
