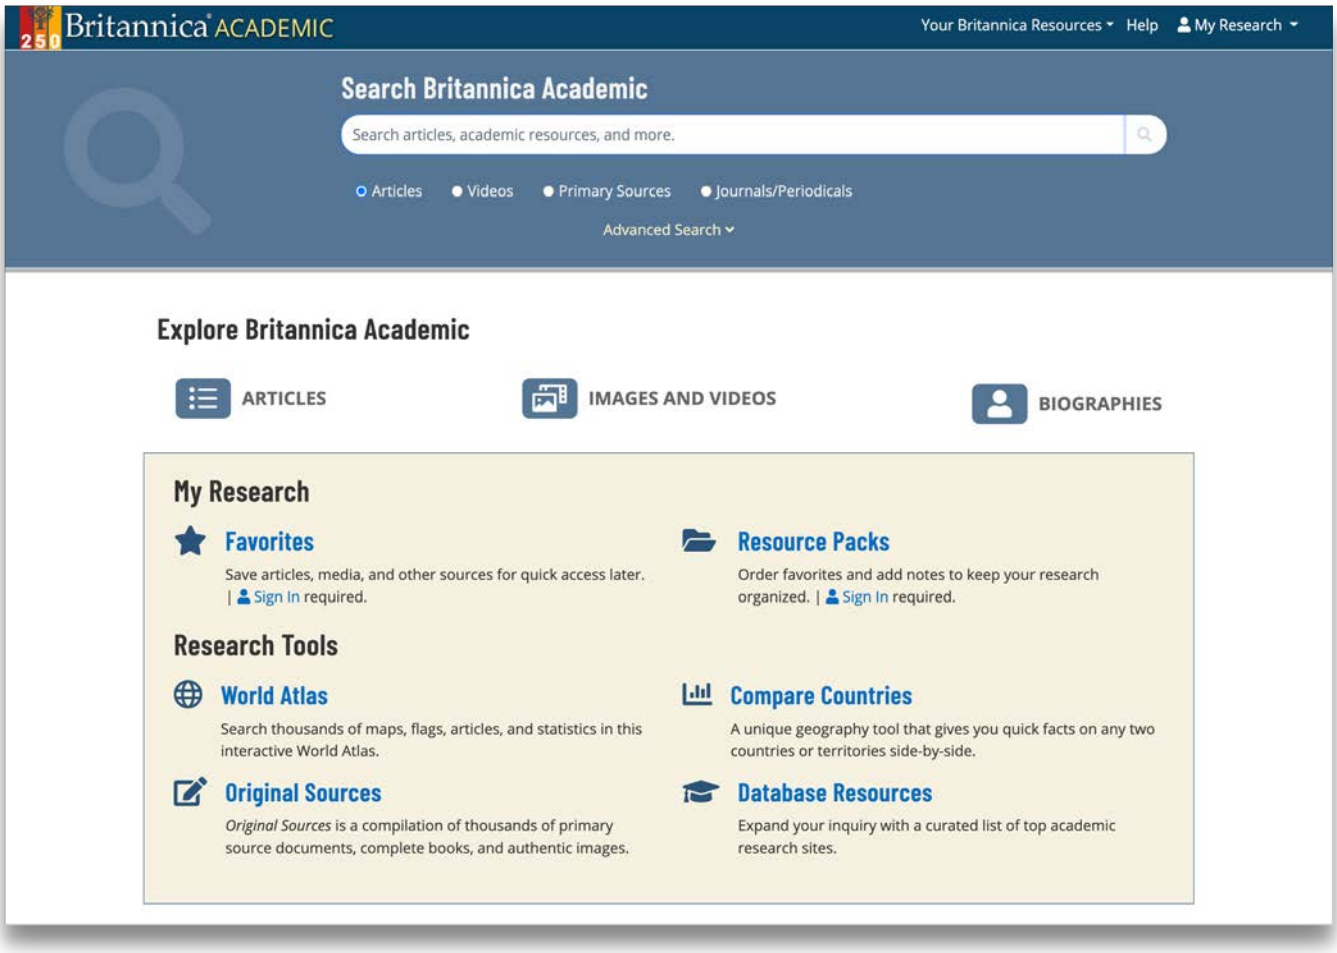
The Britannica Vision

For over 250 years, Britannica has collaborated with experts, scholars, educators, designers, and specialists as well as our global team of editors to provide safe, reliable, and relevant information. We work diligently to review all content and produce digital learning products that are critical to providing a useful and enjoyable learning experience.

Britannica Digital Learning resources are designed in collaboration with parents, educators, and content experts for the modern-day classroom and home learning environments.

We are passionate about igniting curiosity and spreading the joy of discovery to learners by bringing high-quality, reliable, and accessible learning resources to people all over the world.

Britannica Academic Home Page



Britannica Academic is the go-to site for high-quality, comprehensive information. The rich combination of the Encyclopaedia Britannica content with many other databases and research tools provides a variety of sources that users can rely on during the research process.

Browse the home page to conduct a search of Britannica content. Scroll down on the page to explore such features as "On This Day," "News from New York Times," a list of New and Revised Articles, and much more!

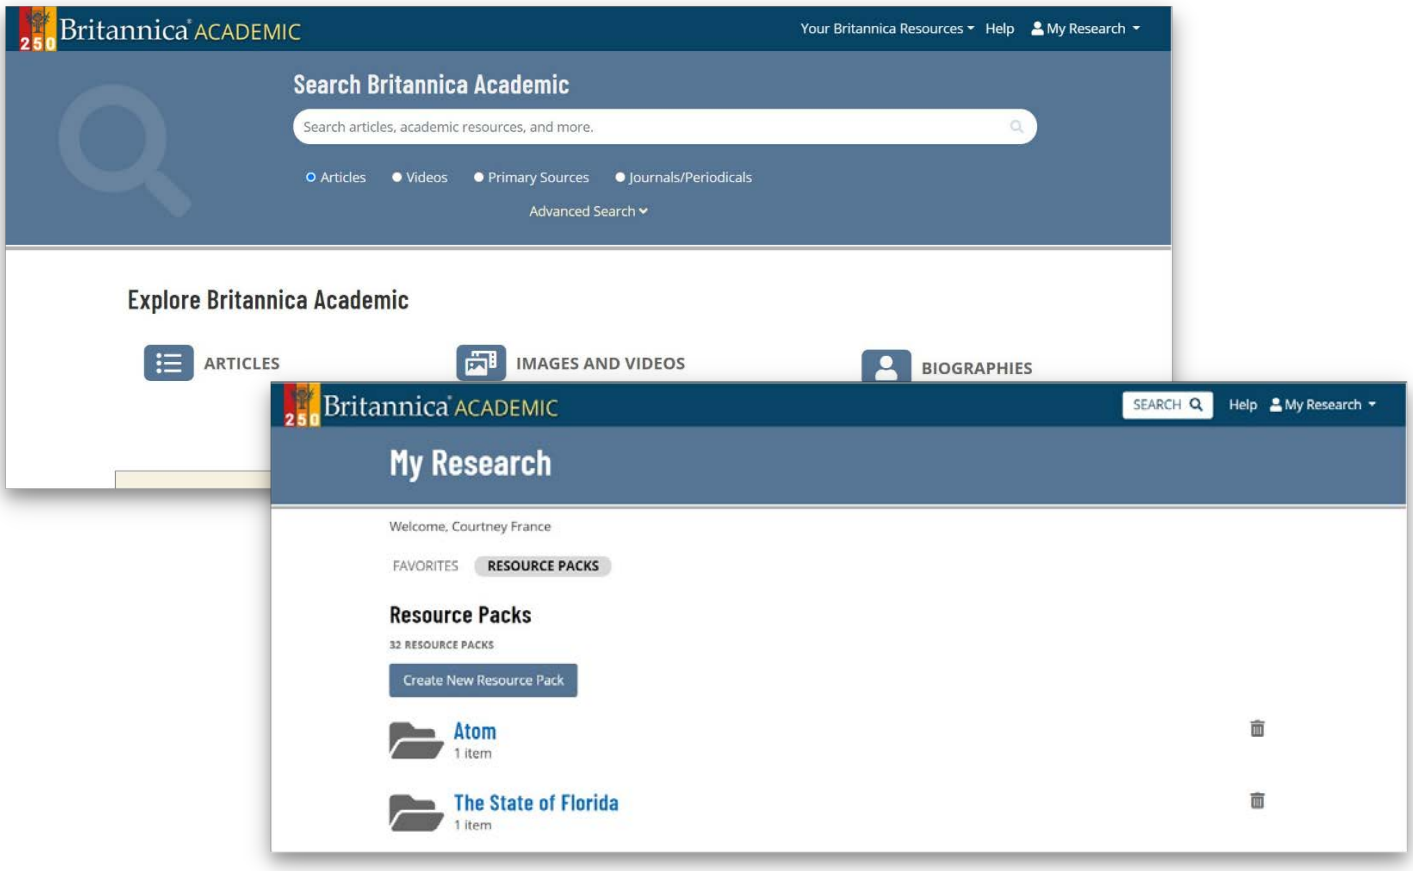
Literacy Support Tools

There are many ways to support readers and encourage independent reading. Use the Read Aloud tool to have the text read aloud while following along with the highlighted text. Support vocabulary acquisition by using the Quick Click Dictionary. Simply double click on the unknown word to access the Merriam-Webster Dictionary definition. Support English Language Learners by translating content into more than 80 languages.

My Research

Users can set up a personal My Research account to view their favorited content and organize it into Resource Packs. The notes section allows users to easily record notes on each piece of content!



Account Set Up

Select "My Research" in the upper right-hand corner of any page of Britannica Academic. When the login box appears, select "Create an account." Fill in the required information and select the "Create Account" button. Now you are ready to collect Britannica information and create Resource Packs to share with others.

How should users use Resource Packs?

Users can keep track of the content they have found as they research by organizing it into a Resource Pack. They can use the notes section to write summaries of key points and other notes they collect as they research. Users can email and share the pack with teachers and peers to share their progress.
